

RENIA – R & L Cleaner and Solvent

Acetone-based solvent
 Technical Datasheet 520.000-1012

BASIS:

Mixture of solvents

APPLICATION:

Can be used to clean leather and textiles, as well as to prepare leather shoes for dyeing or pickling/etching. Suitable for thinning RENIA – Edelkitt, RENIA – Syntic-TOTAL, and all vinyl cements. Clean the leather thoroughly with RENIA R&L using a cloth. The surface of synthetic leather, polystyrene, and PVC is dissolved immediately. Most suitable to degrease PVC or TR in order to achieve an optimal bonding result. Tools and containers can also be cleaned easily with R&L.

POT-LIFE:

Not applicable

OPEN ASSEMBLY TIME:

Evaporates at once

PRESSURE:

Not applicable

CHARACTERISATION:

Strongly degreasing cleaning agent, free from chlorinated hydrocarbons

SHELF-LIFE:

Unlimited at 20 °C

THINNER:

Not applicable

CLEANING:

Not applicable

LABELLING:

VbF	:	B, Flashpoint lower than 21 °C, flammable liquid, irritant		
GGVSE	:	class 3	Packing group	: II
Label	:	ACETONE	UN	: 1090
EmS	:	F-E, S-D
