Shoe Stretch

Packing unit	12 units per box
Export box	6 dozen per box
Art.No.	1501
Contents	125 ml - aerosol
Product performance	 

Product description	• leather stretching solution, makes upper leather supple so that is stretches and fits exactly the shape of the foot • especially well-suited to eliminating tight spots in new shoes • leaves no traces on the shoes, dries after use without staining
Use	Can be used on all types of upper leather except for natural and patent leather.
Instructions for use	Spray tight spot and surrounding area from a distance of 15-20 cm and wear shoe immediately. The shoe expands with the aid of the foot's warmth. Allow to dry thoroughly while wearing and polish outside of shoe with a soft cloth. If necessary, repeat the treatment.
Main ingredients	• solvent • lanolin • water • propane/butane propellant • perfumed
Tip	Warning, do not allow upper leather to soak through! Effective help for sore feet or tight spots.
